

Creative Designs

Hello,

Please let me introduce myself: my name is David Hughes. I was a pastor in Argentina, South America from 2011 to 2021 until the Lord changed His plan for my family and brought us back to the United States. After much prayer I feel led to launch a business that includes services that can help churches such as: building logos, websites, letterheads and creating video presentations.

I've taught other pastors in Argentina how to manage websites and social media accounts to use them as a tool to reach out to the lost. I know that as a pastor I want to reach people to point them to Christ, and what better way than to reach them where they are: *online!*

If you need help designing a webpage, Facebook page, logo for your church, graphic designs for a series you will be preaching, or a video presentation you may need to show on furlough or send to churches during this pandemic, please feel free to reach out to me. I love helping other people out, and I try to keep it simple so others can keep it updated themselves. Of course I can help make any changes needed, but keeping it up to date is pretty easy once it's all set up.

Here's an example of my work for one of the missionaries in Rosario, Argentina:
<https://www.thorntons2argentina.com>

Among other things, I have also created special portrait photos for prayer letters, and letter headings. I will add a second page to show different examples.

Thank you for your time and interest. I look forward to working with you as it is always a pleasure to help out in other ministries!

God bless you and your ministry!
Don't give up!!

David Hughes
